

Risk Information Sheet

ID 1	Risk: State-of-the-art technology might not work dependably.	
Priority: 2	Description: New technology might have bugs or might not integrate with existing technology.	
Probability: Medium		
Impact: High		
Origin: IT	Class: Technology	Assigned to: Brett
Response Options: M, T		Primary Response: Mitigate
Response Strategy Put together a prototype system to test new technology performance and integration with existing equipment.		
Actions 1. Hire most experienced vendor. 2. Build prototype system in an existing conference room. 3. Build prototype in a hotel room. 4. Test systems.		
Contingency Plan Identify alternative technology to use if prototypes aren't successful.
